Blogging

life sux 2 no end and these are the reasons whYYYYYY.....

- 1) I'm FAT. im in a hard place ta describe - I feel LOST but I have ppl around me. I need 2 pull myself zgether so ppl stop askin me if I've eaten or not. My bf keeps saying not 2 get any thinner yet that's exactly wut im planning... that's all I have left 2 do.
- 2) I can't trust my boyfriend because he looks at other girls. He's still at my old skool, etc."

Predators can use vulnerabilities and insecurities to "groom" children into a face-to-face meeting

Cyberbullying Matters

- 32% of teens report being harassed or bullied online
- The incidence is higher among girls 15- to 17-years old at 41%

15-17
41%

What to Do

- Children who are cyberbullied should
 - Not respond to harassing messages
 - Save the evidence
 - Set up new accounts

● If you feel like your child is in immediate danger, contact your local law-enforcement agency. ●

Online Gaming

- Children connect with users all over the world
- Voice-enabled chat allows users to hear and speak to each other
- Cyberbullying is common
- Check the ratings of your children's games

Exposure to Inappropriate Material

- Pornography
- Hateful, racist, and violent content
- Details of illegal activity
 - Where to get drugs
 - How to make drugs and explosives
 - Underage drinking
 - Lock-picking
 - Gambling websites

File-sharing

- Download and share media with P2P

Music Movies Videos Photos Documents Software

- It's illegal to share copyrighted materials without permission
- It's easy to unknowingly download or distribute viruses and illegal material

File-sharing Programs

File-sharing using

Spyware, Spam, and Scams

- Check the legitimacy of a website
- Only download from trustworthy sources
- Don't give information to soliciting sites and e-mails
- If an offer seems too good to be true, it usually is
- Don't fall for phishing scams

WHAT YOU CAN DO

NetSmartz Rules for Online Safety

- Keep your identity private
- Never respond to messages that make you feel uncomfortable
- Never meet offline without asking your parent or guardian's permission
- Respect other people online

Cell Phones

- Set guidelines for cell phone use
- Teach children
 - Never to post their cell phone number online
 - Not to respond to harassing texts
 - Sending explicit images of themselves puts them at risk for exploitation and prosecution

Set Your Own Rules

- Establish rules for Internet use
 - What sites can your child visit?
 - Who can they talk to?
 - How much time can they spend online?
- Keep the computer in a common room (not in secluded areas like a bedroom or basement)

Safeguard

- Consider safeguarding options
 - Filtering applications restrict access to inappropriate material
 - Monitoring software records
 - websites visited
 - chat conversations
 - other content

Communicate

- Discuss the importance of telling you or a trusted adult if anything ever makes your child feel scared, uncomfortable, or confused while online
- Communicate
- Prepare yourself beforehand
- Be open with your children and encourage them to confide in you

JOHN J. MCCARTHY
State's Attorney for
Montgomery County

The safety of children in our community is one of my main concerns as State's Attorney. While the growth of the Internet provides great opportunities for learning, it also presents risks to young people of sexual solicitation and other dangerous activities.

To combat these dangers, I developed the Internet Crimes Against Children/ Sex Offender Unit. This unit handles the prosecutions of child pornography cases, sexual solicitations over the Internet and sexual offenders who have not registered as required by law. Additionally, this unit works to educate parents and children about Internet safety.

The Internet can be a wonderful resource, but we must work together to protect children from those who would use the Internet to prey on them. My office pledges to aggressively prosecute Internet predators as well as to work with the community to ensure that parents and schools have the information needed to protect our most precious resource ~ our children.

JOHN J. MCCARTHY
State's Attorney for
Montgomery County, Maryland

Tips for Parents

- Talk to your kids about their Internet use.
- Be sure to put your computer in an area that you can monitor, and periodically review your child's Internet use.
- Consider rating, blocking, monitoring and filtering applications for your computer.
- Set reasonable rules regarding the time of day, length of time, people with whom they may communicate, and appropriate areas for them to visit when online. Make sure these rules apply to portable devices, such as cell phones and laptops.
- Encourage your kids to go to you, or a trusted adult, when they see anything that bothers them.
- Teach your children never to give out personal information or to arrange to meet in person with someone they have met online without first checking with a trusted adult.
- Report any predator behavior to the authorities.

Tips for Students

ELEMENTARY SCHOOL CHILDREN

- Turn off the computer monitor right away and tell a trusted adult about anything that makes you scared, uncomfortable, or confused.
- Never share personal information without your parent's or guardian's permission.
- Never meet in person with anyone you have first "met" online.
- Do not use rude or mean language on the Internet, and do not respond to any messages that are mean or rude.

MIDDLE AND HIGH SCHOOL STUDENTS

- Talk with your parents or guardians about their expectations and ground rules for going online.
- Keep all aspects of your identity private.
- Never respond to any online communication that makes you feel uncomfortable.
- Never meet in person with anyone you have first "met" online without discussing it with a trusted adult.
- Respect other people's rights while online.

Teach your child about Internet safety.

INTERNET SAFETY PLEDGE FOR GRADES K-2

1. I will turn off my computer monitor right away and tell a trusted adult if anything makes me feel scared, uncomfortable, or confused.

2. I will tell my parents or guardian if anyone online asks me my name, my address, my telephone number, or the name and location of my school.

3. I will tell my parents or guardian if anyone online asks to meet me in person.

4. I will not use rude or mean language on the Internet.

INTERNET SAFETY PLEDGE FOR GRADES 3-6

1. I will talk with my parents or guardian so that we can set up rules for going online. The rules will include the time of day that I may be online, the length of time I may be online, whom I may communicate with while online, and appropriate areas for me to visit while online. I will not break these rules or access other areas without their permission.
2. I will tell a trusted adult if I come across anything that makes me feel scared, uncomfortable, or confused. I will not download anything from anyone without permission from my parents or guardian.
3. I will never share personal information such as my address, my telephone number, my parents' or guardian's work address/telephone number, or the name and location of my school without my parents' or guardian's permission.
4. I will never respond to any messages that are mean or in any way make me feel scared, uncomfortable, or confused. If I do get a message like that, I will tell a trusted adult right away so that he or she can contact the online service. And I will not send those kinds of messages.
5. I will never meet in person with anyone I have first "met" online without checking with my parents or guardian. If my parents or guardian agrees to the meeting, it will be in a public place and my parents or guardian must come along.

INTERNET SAFETY PLEDGE

for Middle & High School

I WILL TALK WITH MY PARENTS OR GUARDIAN ABOUT THEIR EXPECTATIONS AND GROUND RULES FOR GOING ONLINE

I will talk with my parents or guardian so that we can set up rules for going online. The rules will include the time of day that I may be online, the length of time I may be online, whom I may communicate with while online, and appropriate areas for me to visit while online. I will not break these rules or access other areas without their permission.

I will never download anything from anyone I don't know. In addition to offensive content, spam or junk E-mail may contain viruses that can damage my computer.

I WILL KEEP MY IDENTITY PRIVATE

I will never share personal information such as my full name, my mailing address, my telephone number, the name of my school, or any other information that could help someone determine my actual identity. I will also not reveal any personal information about my friends or family.

I will never send a person my picture or anything else without first checking with my parents or guardian.

I WILL NEVER RESPOND TO ANY ONLINE COMMUNICATION THAT MAKES ME FEEL UNCOMFORTABLE

I will tell a trusted adult if I come across anything that makes me feel scared, uncomfortable, or confused.

I will never respond to any messages that are rude or offensive in any way. I will show the message to a trusted adult right away so that he or she can decide if it's necessary to contact the online service or other authorities.

I WILL NEVER MEET IN PERSON WITH ANYONE I HAVE FIRST "MET" ONLINE WITHOUT DISCUSSING IT WITH MY PARENTS OR GUARDIAN

Since the biggest danger to my safety is getting together with someone I have first "met" online, I won't meet in person with anyone unless my parents or guardian agrees to the meeting, they will go with me to the meeting, and the meeting will be in a public place.

I WILL RESPECT OTHER PEOPLE'S RIGHTS WHILE ONLINE

The Internet is a large community; therefore, my behavior while on it affects others. I will always treat others the way I would like to be treated.

I will respect copyright laws and check on sources. When writing reports I will make sure that the online sources of information are credible, and I will always cite my sources.

Piracy is illegal and keeps authors, artists, and others from getting paid for their work. I will never download things such as pictures, games, music, or movies that have not been given to the public for free.
